

A1cNow.
It's about time.

The pager-sized monitor is the only single-use device to give immediate quantitative results with lab-like accuracy.

Metrika A1cNow™ Monitor

Metrika's A1cNow™ Monitor is the first ever single-use test for hemoglobin A1c. It is the "gold standard" indicator of diabetes management. The test is easy to use, needs only a drop of blood and takes just 8 minutes.

- Accurate
- Easy to use
- Needs only a drop of blood
- Takes just 8 minutes
- CLIA waived
- Requires no capital equipment or test strips

Now available without a prescription.
